Message : Conference Dates 2004

Colleagues,

Welcome back to 2004. I trust you have had an enjoyable break and are ready for the challenges of a new year.

To help you escape from the mundane and to inspire you to achieve greatness this year, your co-ordinators are planning some wonderful professional development activities for you. Some topics on the agenda this year are:

Interpreting school HSC and School Certificate data
Implementing the new junior syllabuses
Quality Teaching
Timetabling
Whole school budgeting and financial management
Preparing for the Principalship

...and many more. One of the strengths of our local conferences has been the ability to address issues and problems that we all consider important and to collaboratively seek solutions and investigate possibilities informally. There will be ample time for informal sharing, discussions and networking at these meetings.
