

SPECIAL OFFER: NSW SECONDARY DEPUTY PRINCIPALS ASSOCIATION

HERMES Survey Kiosk

The HERMES Survey Kiosk has been accessed by over 500 schools in 2007 — it provides an effective way for schools to capture feedback from parents, students and teachers on an ongoing basis.

The Kiosk provides the most advanced survey service for schools available anywhere.

Special Offer

Offer Code: SO290208 — **closing date May 31, 2008.**

radii.org provides the following special offer through the NSW Secondary Deputy Principal's Association for unlimited access to the **HERMES Survey Kiosk** and the **SCHOOLEVENT Kiosk** for the 2008 school year.

This special offer provides a **15% DISCOUNT** on the normal price for an annual subscription for 2008 to the **HERMES Survey Kiosk** and a **25% DISCOUNT** on the subscription for the **SCHOOLEVENT Kiosk**, when purchased at the same time as the HERMES Survey Kiosk subscription, provided both subscriptions are taken out before **May 31, 2008.**

Advanced Features

The special offer also provides you with access to the advanced features of the HERMES Survey Kiosk to support you to get to grips with accessing information about your environment.

- Use adaptive 'drill-down' questions based on previous responses to enhance interpretation of the data — eg. a disgruntled student can be asked follow-up questions to find out what is bugging them.

- **Tailor surveys to the needs of your school** — select questions by topic.
- Customise your survey so it has the same look-and-feel as your website.
- Make a **1-click duplicate** of your survey to share with colleagues.
- Send invitational surveys by email to randomly selected parents, etc.
- Send **automated reminders** to ensure a high response rate.
- **Automatic generation of reports.**

SCHOOLEVENT

SCHOOLEVENT is a purpose built event management and booking system designed to take a substantial administrative load off school office staff.

- Allow parents to **book parent-teacher meetings.**
- The **school excursion** feature allows parents to book their child into an excursion, pay any required fees online and download the school's authorization form to be signed and returned to the school.
- Booking system for **rooms and facilities.**
- Booking and tracking system for **specialist equipment.**
- Manage bookings for district events.
- Manage your school's **special events** — end-of-year student social, presentation night, etc.
- Create an interactive calendar of your events.
- Access details of bookings 24/7.
- Give your Kiosk the same look-and-feel as your school website.
- Easy access to parents via a button on your school website.
- Hosted externally by *radii.org* — **no software to install** on your server or PCs.

- **Wizards** allow even novice computer users to use the system effectively.
- Bring parents and students to your school website as a key communication strategy.
- Subscription provides **unlimited access.**

The Kiosk provides secure **online payments** for the above events and for all other school fees and charges.

Special Offer Prices

Register your school at www.radii.org and pay the subscription (prices attached) for this special offer at www.radii.org/shop before the closing date of **May 31, 2008**

BOYS EDUCATION

The Australasian Boys Education Network will present the **Boys, Engagement, Cyber-Bullying and Learning Conference** in Sydney on May 16, 2008.

Presenters include: Professor Andrew Martin, Dr Peter West, Professor Peter Cuttance, and a Workshop on cyber safety safety for schools conducted by NetAlert (Australia Communications & Media Authority).

Details and bookings at: www.radii.org/eventbookings.

date of **May 31, 2008**

SUPPORT

radii.org provides **free telephone support** and **teleconferencing** to:

- set up and run your surveys,
- **build a survey** from the 200+ topic sets of questions in the HERMES Library or choose one of the purpose specific surveys
- monitor your survey
- provide your school with a **data and graphics report** within 12-hours of the completion of each survey, and
- 2 hour onsite visits are also available to train staff to build and run the surveys.
