

Dear colleague,

If you did not attend one of the District Conference held in second and third term, or have not yet renewed your annual subscription for 2003-2004 then this is now due.

Before you consign this to the round file please read on to see the benefits you can gain from membership of your Association.

The New South Wales Secondary Deputy Principals' Association was formed to promote and foster the interests of Deputy Principals across the State. It seeks to do this by:-

- Bringing together representatives from Local Associations at least four times a year to discuss matters of common interest, disseminate information and formulate a joint response to issues that affect us all.
- Develop links with the DET, Secondary principals' Council and the Board of Studies with a view to having a meaningful input into their decision making processes where these decisions impact on our members
- Underwriting the Annual Conference and providing advice and assistance to the organizing committee. In 2003 we will be combining with The Australian and NSW Principals' Councils and ACEL to jointly host an International Educational Conference at Darling Harbour in September.
- Funding our own website which provides articles of professional interest, links with other educational sites and a bimonthly "What's New" section. There are also District Reports, Conference papers and a yahoogroups email list where you can share ideas or get answers to questions. If you have not visited the site then do so soon > <http://www.nswsdpa.asn.au>
- We are currently looking at employing a Professional Assistant on a part-time basis to provide advice and assistance to Deputy Principals as required and to take on some of the administrative tasks in running the Association.
- We have incorporated the Association to provide security for our members in the event of any legal action arising out of our activities.

The Association provides very real benefits to Deputy Principals across the State, however these all cost money. If we are to provide these services to our members then we need your financial support. Please complete the membership application form overleaf and return it with your subscription to the address shown.

Thank you for your support,

*Andy Mojsiewicz*
